Addon Installation:

Please follow the below steps to complete the installation process of the Ebook Addon.

1. Before starting the installation process, we would suggest you check your application version. It has to be 5.6 or greater than 5.6. For checking the application you can move to the **About** section from the **Settings** menu.

2. If you are running the mentioned version, then you are ready to install this add-on.
3. First download the add-on you want to install on your application from Codecanyon
4. Unzip the downloaded file.
5. You should get Two folders inside. One is for documentation and the other is for the addon file.
6. You do not need to change anything. Like renaming, removing, or something else.

7. Now get back to your application. Login as Admin role. After logging in you will be able to keep following.
8. From the left navigation menu, Go to **Addon** section.

9. You will find a list of addons you have so far.
10. Click on the “**Add New Addon**” button on the top. You should redirect to an upload addon view.
11. That view will contain a single field called “**Upload Addons File**”. Just upload the “**ebook.zip**” file.
12. After that hit the “**Install addon**” button.
13. You should get a success message notification and you can also see your installed addon on the “**Installed Addon**” list below.
