## Addon Usage

**New Menu Option:** After the successful installation of the Course Bundle Addon the admin user will get a new option name “Course Bundle” in the navigation bar.

**Add New Bundle:** The admin can create a new bundle by selecting existing courses uploaded by the admin. The total current price of the selected courses will be shown so that the admin can reset the new bundle price. The course **Subscription Renew Days** can also be selected by the admin which defines the active time of the bundle after each purchase.
